

the shape of a new era

Raising the Standard —

- Tallest residential tower in Vancouver
- 358 homes, 60-storeys high
- Architecture by Tom Wright, creator of Dubai's Burj Al Arab, one of the most iconic pieces of modern architecture in the world
- Architectural interiors by Andres Escobar, designer of upscale New York properties such as One Times Square and the Summit apartments
- Tallest Passive House in the world—the leading, global standard for low-carbon, healthful, energy-efficient homes resulting in a 90% savings of heating and cooling energy use compared to similar buildings
- Soul-stirring views of English Bay, Coal Harbour and the North Shore mountains
- Never before seen 60th floor and rooftop amenity spaces
- Developed by Brivia Group, a Canadian company founded in 2000 in Montreal with over 10 million sqft of buildable area, in partnership with Henson Group
